

Brian Peacock MBE

Chairman of The Management Committee, Chairman of the Finance, Buildings, & Staffing Committee, Chairman of the Curriculum, Standards & Assessment Committee and a member of the Emotional Health, Wellbeing & Safeguarding Committee.

- I am a retired teacher and worked in the London Boroughs of Enfield and Haringey before moving to Blackburn in 1987.
- I am married with five sons all of whom were educated in Blackburn with Darwen Community schools.
- I joined the Management Committee of St Thomas's PRU, as a community governor, following my retirement in 2009 and was elected as Chairman shortly afterwards.
- I believe my teaching experience gives me an understanding of the issues schools face today and that through the work of the Management Committee I can challenge and support the school as it moves forward.
- For the last seven years of my career I was headteacher of Blackburn with Darwen's Primary PRU. Which I hope gives me detailed insight into the unique challenges faced by staff working in and young people being educated in an Alternative Provision setting.
- I have been an officer and active member of the National Union of Teachers and am used to working closely with the Local Authority on policy development. I'm familiar with the operation of many of the personnel policies adopted by the school.
- In my spare time I enjoy all sports, especially Rugby Union and Cricket, Gardening and going to the gym.
