

We will give you two cooking tasks a week. This week I would like you to bake Brownies and flapjacks. Using www.bbcgoodfood.com website, find the recipes and screenshot them, whilst you are baking take lots of photos of each stage and the final product. Once you've finished and tasted, type a two or three sentences on what you could add to improve the flavour. Send the recipe, photos and work back to school and we can build your own recipe book.
